## HW CORPORATE FINANCE EXPANDS INTO GUILDFORD

HW Corporate Finance has recently expanded its business by opening an office in Guildford, to cover the Surrey and Crawley markets.

The new office, on the High Street, will be the base for the South East team, and is an addition to our current offices in Portsmouth, Reading and London.

“Guildford as a location makes absolute sense for us, it is a central point for all our offices and our client base which stretches across London and the South East ” comments Charles Whelan, Partner. “We are now one of the largest corporate finance teams in Region.”

Partner, Richard Hall, agrees. “It’s been a promising start – since arriving in Guildford in February, we have completed two transactions, the disposal of an agriculture business and a fair value report for a listed business in the pubs sector. The outlook looks positive too, with three new assignments signed up in sectors as diverse as engineering, financial services and technology.”

“The Guildford business community has been very welcoming and is encouraged that HWCF feels the area has such potential. We are confident the fund raising and mergers and acquisitions markets will improve throughout 2009 and our team of specialists have the range of expertise to expand our business this year” he added.

### **GUILDFORD**

13 – 21 High Street  
Guildford  
GU1 3DG
